

Global leaders in accounting software

Relied on around the world, Sage Pastel has been a trusted name in accounting software since 1989. Our world-class product is used in over 50 countries across the globe. Join the mainstream, make the right choice for your business and go beyond accounting.

Pastel Invoicing

Pastel Invoicing will take the hassle out of month-ends. You can print invoices, customer month-end statements, check customer age analysis, sales reports and more.

And with Pastel Invoicing's user-friendly "Dashboard" you will always have a birds-eye view of what is happening in your business.

Support for Invoicing**

Sage Pastel Invoicing also comes with a computer-based training tutorial that will show you how to use Sage Pastel Invoicing. To find this easy-to-use tutorial please go to Start, then click on Programs, Softline Pastel and then Pastel Invoicing CBT. Alternatively, obtain support from your local Business Partner.

Easy installation and registration

You can register your product online, twenty four hours a day, seven days a week. Visit our website at www.sagepastel.com and follow the link to register your product.

sage PASTEL | INVOICING

 **Easy start. Fast finish. Time is money.**

Set up Sage Pastel Invoicing in 4 easy steps

Don't get anxious at month end. You no longer need to produce your accounts by trying to manage pieces of paper and manually prepare statements. Make the most of your valuable time by focusing on running your business.

Manage your customers and keep track of sales with Sage Pastel Invoicing – it's the easiest way for you to begin computerising your accounts.

And with the Sage Pastel range of products behind you, you can upgrade to more features and functionality as and when you feel ready.

Simple. Intuitive. User Friendly.

Sage Pastel Invoicing makes the following tasks quick and easy:

- Creating invoices, customers and items.
- Managing customer invoices, payments, credit notes and printing statements.
- Reporting on the amounts outstanding per customer.
- Reporting on which items you are selling the most of.
- E-mailing invoices and statements to customers.

STEP One

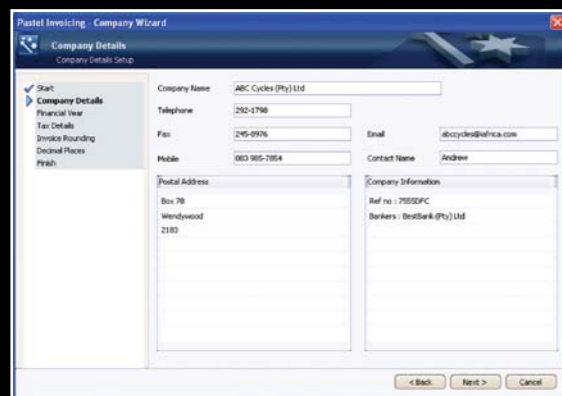

STEP Two

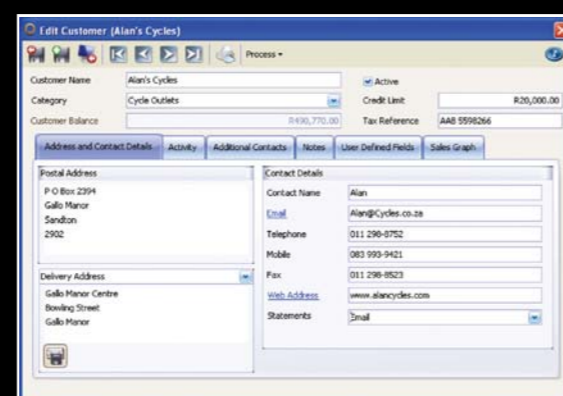

STEP Three

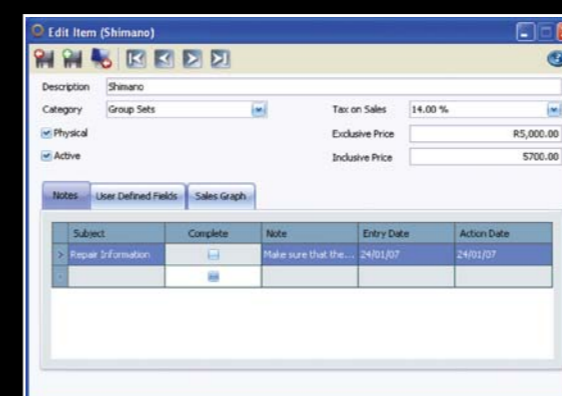

STEP Four

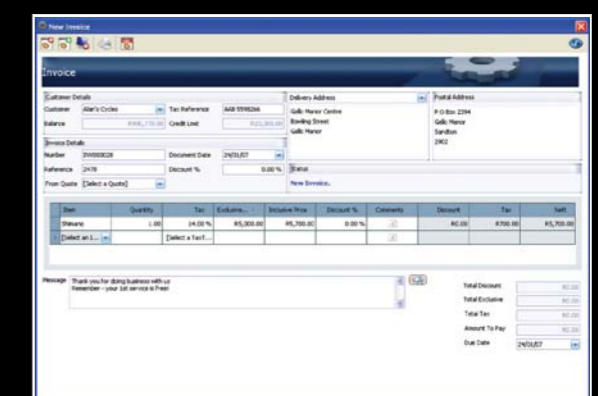

Set up your own company's details. An easy-to-follow Company Wizard will help you set up along the way.

The next step is to create a Customer.

Now create an Inventory item.

In almost no time, you're ready to process your first invoice.
